This Project is anticipated to be one that is complex and challenging considering the work identified to be completed within the proposed timeframe(s) and taking into consideration the climatic range, industrial, and construction conditions prevailing in the Project locality.

It is believed that in order for the Project to be completed successfully, the Contractor shall have sufficient experience working on projects similar in nature and size to this Project, having specific airport construction experience, ability to employ and manage multiple overlapping construction crews using multiple day and/or night shifts, capacity to work through weather challenges including colder temperatures that will need to be managed during the construction of various proposed work items, and the understanding that this Project will take place at the Jackson Hole Airport which sits within Grand Teton National Park and will require the Contractor to take into account necessary environmentally-sensitive construction techniques and/or considerations.

Contract Documents. The complete set of Specifications and Contract Documents can be downloaded from Jviation, Inc. s bid site (<http://bid.jviation.com>) beginning on March 1, 2023. In order to submit a responsive bid as a Prime Contractor and to receive all necessary addendum(s) for this project, you must be on the Planholder s List. To view all planholder documents (contract documents, plans and addendums) you must fill out the online form located at (<https://jviation.com/bid-request/>). By filling out and submitting this form, you agree to be publicly listed on the bid site with your contact information as a planholder for all projects requested. It is the planholder s responsibility to review the site for addendums and changes before submitting their proposal.

This includes review for environmental changes. Environmental changes during construction could take up to four weeks for approval. For additional information, please contact us via email at bid.info@woolpert.com. *Note that contractors will NOT be automatically added to new projects. You will need to re-submit the online form for access to new projects. Once granted access, additional projects will use your same login credentials. Note: Plan ahead when submitting the online request form and allow up to 2 business days for approval and access to projects. Mandatory Pre-Bid Conference.

A mandatory pre-bid conference for this project will be held on Tuesday, March 21, 2023, at 10:00 a.m. MST, in the Jackson Hole Airport Administration Building Conference Room. Bidders will be permitted to examine the project site to examine the site conditions after the pre-conference. All bidders are required to attend the pre-bid conference and to examine the site to become familiar with all site conditions prior to submitting their bid. Bid Conditions. The bidder is required to provide all information as required within the Contract Documents.

The bidder is required to bid on all items of every schedule or as otherwise detailed in the Instructions to Bidders. Bids may be held by Jackson Hole Airport Board for a period not to exceed 360 consecutive calendar days from the date of the bid opening for the purpose of evaluating bids prior to award of contract. The right is reserved, as Jackson Hole Airport Board may require, to reject any and all bids and to waive any informality in the bids received. All questions regarding the bid are to be directed to Paul Fiore with Jviation, Inc., 720 South Colorado Blvd., Suite 1200-S, Glendale, Colorado, 80246, (303) 524-3030, Fax: (303) 524-3031, or email paul.fiore@woolpert.com. no later than Thursday, March 23, 2023.

Bidders shall not contact any member of the Jackson Hole Airport Board or any member of the Jackson Hole Airport staff regarding this procurement. Bid Bond. Guarantee will be required with each bid as a certified check on a solvent bank or a Bid Bond in the amount of five (5) % of the total amount of the bid, made payable to the Jackson Hole Airport Board. Performance & Payment Bond. The successful bidder will be required to furnish separate performance and payment bonds each in an amount equal to 100% of the contract price. Davis-Bacon Requirements. In accordance with the Davis-Bacon Act, as amended, the Contractor will be required to comply with the wage and labor requirements and to pay minimum wages in accordance with the schedule of wage rates established by the United States Department of Labor.

Equal Employment Opportunity and Affirmative Action Requirement. The proposed contract is under and subject to 41 CFR Part 60-4 and

Executive Order 11246 of September 24, 1965, as amended, and to the equal opportunity clause and the Standard Federal Equal Employment Opportunity Construction Contract specifications including the goals and timetables for minority and female participation. Title VI Solicitation Notice. The Jackson Hole Airport Board, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 USC 2000d to 2000d-4) and the Regulations, hereby notifies all bidders or offerors that it will affirmatively ensure that for any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and no businesses will be discriminated against on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability in consideration for an award. DBE Requirement.

Bid Information submitted as a matter of responsibility: The Owner's award of this contract is conditioned upon Bidder or Offeror satisfying the good faith effort requirements of 49 CFR 26.53. As a condition of responsibility, every Bidder or Offeror must submit the following information on the forms provided herein within five days after bid opening. 1) The names and addresses of Disadvantaged Business Enterprise (DBE) firms that will participate in the contract; 2) A description of the work that each DBE firm will perform; 3) The dollar amount of the participation of each DBE firm listed under (1); 4) Written statement from Bidder or Offeror that attests their commitment to use the DBE firm(s) listed under (1) to meet the Owner's project goal; 5) Written confirmation from each listed DBE firm that it is participating in the contract in the kind and amount of work provided in the prime contractor's commitment; and 6) If Bidder or Offeror cannot meet the advertised project DBE goal, evidence of good faith efforts undertaken by the Bidder or Offeror as described in appendix A to 49 CFR part 26.

The documentation of good faith efforts must include copies of each DBE and non-DBE subcontractor quote submitted to the bidder when a

non-DBE subcontractor was selected over a DBE for work on the contract. The bidder shall make good faith efforts, as defined in Appendix A of 49 CFR Part 26, Regulations of the Office of the Secretary of Transportation, to subcontract 3.66% (Race Conscious) of the dollar value of the prime contract to small business concerns owned and controlled by socially and economically disadvantaged individuals (DBE). In the event that the bidder for this solicitation qualifies as a DBE, the contract goal shall be deemed to have been met. Individuals who are rebuttably presumed to be socially and economically disadvantaged include, women, Black Americans, Hispanic Americans, Native Americans, Asian-Pacific Americans, and Asian-Indian Americans.

The apparent successful bidder will be required to submit information concerning the DBE's that will participate in this contract. The information will include the name and address of each DBE, a description of the work to be performed by each named firm, and the dollar value of the contract. If the bidder fails to achieve the contract goal stated herein, it will be required to provide documentation demonstrating that it made good faith efforts in attempting to do so. A bid that fails to meet these requirements will be considered non-responsive. Those firms currently certified as DBE's by the Wyoming Department of Transportation are eligible to participate as DBE's on this contract. A list of these firms can be obtained from the State, the consulting engineer, or the Sponsor.

FAA Buy American Preference. The Contractor certifies that its bid/offer is in compliance with 49 USC 50101, BABA and other related Made in America Laws , U.S. statutes, guidance, and FAA policies, which provide that Federal funds may not be obligated unless all iron, steel and manufactured goods used in AIP funded projects are produced in the United States, unless the Federal Aviation Administration has issued a waiver for the product; the product is listed as an Excepted Article, Material Or Supply in Federal Acquisition Regulation subpart 25.108; or is included in the FAA Nationwide Buy American Per Executive Order 14005 Made in America Laws means all statutes,

regulations, rules, and Executive Orders relating to federal financial assistance awards or federal procurement, including those that refer to Buy America or Buy American, that require, or provide a preference for, the purchase or acquisition of goods, products, or materials produced in the United States, including iron, steel, and manufactured products offered in the United States.

Waivers Issued list. The bidder or offeror must complete and submit the certification of compliance with FAA s Buy American Preference, BABA and Made in America laws included herein with their bid or offer. The Airport Sponsor/Owner will reject as nonresponsive any bid or offer that does not include a completed certification of compliance with FAA s Buy American Preference and BABA. The bidder or offeror certifies that all constructions materials, defined to mean an article, material, or supply other than an item of primarily iron or steel; a manufactured product; cement and cementitious materials; aggregates such as stone, sand, or gravel; or aggregate binding agents or additives that are or consist primarily of: non-ferrous metals; plastic and polymer-based products (including polyvinylchloride, composite building materials, and polymers used in fiber optic cables); glass (including optic glass); lumber; or drywall used in the project are manufactured in the U.S. Trade Restriction Certification.

By submission of an offer, the Offeror certifies that with respect to this solicitation and any resultant contract, the Offeror 1) is not owned or controlled by one or more citizens of a foreign country included in the list of countries that discriminate against U.S. firms as published by the Office of the United States Trade Representative (USTR); 2) has not knowingly entered into any contract or subcontract for this project with a person that is a citizen or national of a foreign country included on the list of countries that discriminate against U.S. firms as published by the USTR; and 3) has not entered into any subcontract for any product to be used on the Federal project that is produced in a foreign country included on the list of countries that discriminate against U.S. firms published by the USTR.

This certification concerns a matter within the jurisdiction of an agency of the United States of America and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18 USC 1001. The Offeror/Contractor must provide immediate written notice to the Owner if the Offeror/Contractor learns that its certification or that of a subcontractor was erroneous when submitted or has become erroneous by reason of changed circumstances. The Contractor must require subcontractors provide immediate written notice to the Contractor if at any time it learns that its certification was erroneous by reason of changed circumstances. Unless the restrictions of this clause are waived by the Secretary of Transportation in accordance with 49 CFR 30.17, no contract shall be awarded to an Offeror or subcontractor:

1) who is owned or controlled by one or more citizens or nationals of a foreign country included on the list of countries that discriminate against U.S. firms published by the USTR; or 2) whose subcontractors are owned or controlled by one or more citizens or nationals of a foreign country on such USTR list; or 3) who incorporates in the public works project any product of a foreign country on such USTR list.

Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by this provision. The knowledge and information of a contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings. The Offeror agrees that, if awarded a contract resulting from this solicitation, it will incorporate this provision for certification without modification in all lower tier subcontracts. The Contractor may rely on the certification of a prospective subcontractor that it is not a firm from a foreign country included on the list of countries that discriminate against U.S. firms as published by USTR, unless the Offeror has knowledge that the certification is erroneous.
